

ASSEMBLY BILL

No. 2299

Introduced by Assembly Member Blakeslee

February 18, 2010

An act to amend Section 39510 of the Health and Safety Code, relating to air resources.

LEGISLATIVE COUNSEL'S DIGEST

AB 2299, as introduced, Blakeslee. Air Resources: The State Air Resources Board.

Existing law generally designates the State Air Resources Board as the state agency with the primary responsibility for the control of vehicular air pollution, and air pollution control districts and air quality management districts with the primary responsibility for the control of air pollution from all sources other than vehicular sources. Existing law states that the state board is in the California Environmental Protection Agency, and requires the state board to consist of 11 specified members.

This bill would make technical, nonsubstantive changes to these provisions.
